Microsoft 365 billing reconciliation: sample report

This document illustrates the type of exception-focused output in the early-access toolkit. All names, quantities and figures are fictional. A difference is a review lead only, not confirmation of an error, credit or recoverable revenue.

Customer	Licence	M/CSP	PSA	Difference	Review status
Northbridge Design	M365 Business Premium	25	23	+2	Check possible unbilled lines
Harbour & Co	Exchange Online Plan 1	18	20	-2	Check possible over-billing
Elmstead Legal	Microsoft 365 E3	14	14	0	Review product mapping
Fairway Retail	M365 Business Basic	42	39	+3	Check potential billing gap

How to use this sample

Review each flagged record against the original Microsoft/CSP source, PSA billing, dates, product mapping and applicable customer agreement. Do not use the spreadsheet output as an automatic billing decision.
